

Project Application Details Form (PAD)

Information for StormTech® Detention / Retention / Infiltration Systems

If you are requesting an initial conceptual layout for a system, please answer questions 1 through 6. This can be used to determine the size of the system, number of chambers and the area of the system. If a higher level of detail is required please provide as much additional information as possible.

Inclusion of plans (AutoCAD preferred, PDF, etc...) requested

This area to be completed by sender requesting layout:

Date form completed and sent: _____ Completion date requested: _____

Date CAD drawings transmitted: _____ Plans Transmitted Via: Email Fax Other

1. Project Name: _____

2. Project Location (physical address/city/county): _____

3. Engineering Firm or Contact Person: _____

Company: _____

Phone #: _____

Email: _____

4. Storage Volume Required: _____

5. Maximum Available Footprint (length x width): _____ x _____

6. Seasonal High Groundwater (ledge elevation, maximum available depth, if applicable):

7. Feed Pipe Type (HDPE, CMP, RCP) and Diameter (for each inlet connection): _____

8. Flow Rates for Each Inlet Connection If Available: _____

9. Invert Elevation of Pipe(s) (for each inlet connection): _____

10. Invert Elevations (in & out) Of Outlet Control Structure: In: _____ Out: _____

11. Final Grades Over System: _____

12. Will Detention System Be Installed Under Pavement Or In A Grassed Area? : _____

13. Special Requirements Or Areas Of Concern (high concentration loads/Max Cover):

14. Regulatory Jurisdiction (for county, city and state regulations): _____
